

JOURNAL OF THE HOUSE

SECOND REGULAR SESSION, 90th GENERAL ASSEMBLY

SIXTY-FIFTH DAY, THURSDAY, MAY 4, 2000

Speaker Pro Tem Kreider in the Chair.

Prayer by Father Frederick Elskamp, St. Joseph Cathedral, Jefferson City.

Holy God, Creator of the universe, author of all truth, goodness, and life, we thank You for Your creation. We thank You for this beautiful day, and for this hour when we convene for the common good. We are called together by the people of Missouri to decide concerning important matters of state, which will affect many people.

Give us, we pray, wisdom; give us discernment; give us a sense of justice for all; for the rich and the poor, for the very old and the very young; the powerful and for the very weak. For those who will vote for us, and for those who will vote for our opponents. May we be fair and loving toward all. Help us to be **honest** with ourselves, with You, and honest with one another.

May we, then, be blessed today in our labors, and may we be a blessing for one another, and for all. And may we praise You, who deserve all praise and glory and honor. For the Kingdom is Yours, and the power, and the glory - forever and ever. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Christa Gilbert, Brandon Hamilton, Daniel King, Emily Werner and Kayle Anne Mosby.

Representative Smith assumed the Chair.

Speaker Pro Tem Kreider resumed the Chair.

Representative Crump moved that the Journal of the sixty-fourth day be approved as corrected.

Representative Shields raised a point of order that pursuant to Rule 94, the thirty minute time limit on the roll call had expired.

The Chair ruled the point of order well taken.

Representative Crump again moved that the Journal of the sixty-fourth day be approved as corrected.

Which motion was defeated by the following vote:

3. **Any district adopting and providing a program of instruction pursuant to this section shall be entitled to receive state aid pursuant to section 163.031, RSMo. If such aid is determined by the department to be**

insufficient to implement any program or programs adopted by a district pursuant to this section:

(1) The department may fund the program or programs adopted pursuant to this section or pursuant to subsection 2 of section 160.530, RSMo, or both, after securing any funding available from alternative sources[.]; **and**

(2) School districts may fund the program or programs from funds received pursuant to subsection 1 of section 160.530, RSMo, and section 166.260, RSMo.

4. No rule or portion of a rule promulgated [under the authority of] **pursuant to** this section shall become effective unless it has been promulgated pursuant to [the provisions of section 536.024] **chapter 536**, RSMo.

163.031. 1. School districts which meet the requirements of section 163.021 shall be entitled to an amount computed as follows: an amount determined by multiplying the number of eligible pupils by the lesser of the district's equalized operating levy for school purposes as defined in section 163.011 or two dollars and seventy-five cents per one hundred dollars assessed valuation multiplied by the guaranteed tax base per eligible pupil times the proration factor plus an amount determined by multiplying the number of eligible pupils by the greater of zero or the district's equalized operating levy for school purposes as defined in section 163.011 minus two dollars and seventy-five cents per one hundred dollars assessed valuation multiplied by the guaranteed tax base per eligible pupil times the proration factor. For the purposes of this section, the proration factor shall be equal to the sum of the total appropriation for distribution under subsections 1 and 2 of this section; and the state total of the deductions as calculated in subsection 2 of this section which do not exceed the district entitlements as adjusted by the same proration factor; divided by the amount of the state total of district entitlements before proration as calculated pursuant to this subsection; provided that, if the proration factor so calculated is greater than one, the proration factor for line 1(b) shall be the greater of one or the proration factor for line 1(a) minus five hundredths, and provided that if the proration factor so calculated is less than one, the proration factor for line 1(a) shall be the lesser of one or the proration factor for line 1(b) plus five hundredths.

2. From the district entitlement for each district there shall be deducted the following amounts: an amount determined by multiplying the district equalized assessed valuation by the district's equalized operating levy for school purposes times the district income factor plus ninety percent of any payment received the current year of protested taxes due in prior years no earlier than the 1997 tax year minus the amount of any protested taxes due in the current year and for which notice of protest was received during the current year; one hundred percent of the amount received the previous year for school purposes from intangible taxes, fines, forfeitures and escheats, payments in lieu of taxes and receipts from state assessed railroad and utility tax, except that any penalty paid after July 1, 1995, by a concentrated animal feeding operation as defined by the department of natural resources rule shall not be included; one hundred percent of the amounts received the previous year for school purposes from federal properties pursuant to sections 12.070 and 12.080, RSMo; federal impact aid received the previous year for school purposes pursuant to P.L. 81-874 less fifty thousand dollars multiplied by ninety percent or the maximum percentage allowed by federal regulation if that percentage is less than ninety; fifty percent, or the percentage otherwise provided in section 163.087, of Proposition C revenues received the previous year for school purposes from the school district trust fund pursuant to section 163.087; one hundred percent of the amount received the previous year for school purposes from the fair share fund pursuant to section 149.015, RSMo; and one hundred percent of the amount received the previous year for school purposes from the free textbook fund, pursuant to section 148.360, RSMo.

3. School districts which meet the requirements of section 163.021 shall receive categorical add-on revenue as provided in this subsection. There shall be individual proration factors for each categorical entitlement provided for in this subsection, and each proration factor shall be determined by annual appropriations, but no categorical proration factor shall exceed the entitlement proration factor established pursuant to subsection 1 of this section, except that the vocational education entitlement proration factor established pursuant to line 16 of subsection 6 of this section and the educational and screening program entitlements proration factor established pursuant to line 17 of subsection 6 of this section may exceed the entitlement proration factor established pursuant to subsection 1 of this section. The categorical add-on for the district shall be the sum of: **seventy-five percent of the costs of adopting and providing a violence prevention program pursuant to section 161.650, RSMo, multiplied by the proration factor;** seventy-five percent of the district allowable transportation costs pursuant to section 163.161 multiplied by the proration factor; the special education approved or allowed cost entitlement for the district, provided for by section 162.975, RSMo, multiplied by the proration factor; seventy-five percent of the district gifted education approved or allowable cost entitlement as determined pursuant to section 162.975, RSMo, multiplied by the proration factor; the free and reduced lunch eligible pupil count for the district, as defined in section 163.011, multiplied by twenty percent, for a district with an operating levy in excess of two dollars and seventy-five cents per one hundred dollars assessed valuation, or twenty-two percent, otherwise times the guaranteed tax base per eligible pupil times two dollars and seventy-five cents per one hundred dollars assessed valuation times the proration factor plus the free and reduced lunch eligible pupil count for the district,

as defined in section 163.011, times thirty percent times the guaranteed tax base per eligible pupil times the following quantity: ((the greater of zero or the district's operating levy for school purposes minus two dollars and seventy-five cents per one hundred dollars assessed valuation) times one or, beginning in the fifth year following the effective date of this section, the quotient of the district's fiscal instructional ratio of efficiency for the prior year divided by the fiscal year 1998 statewide average fiscal instructional ratio of efficiency, if the district's prior year fiscal instructional ratio of efficiency is at least five percent below the fiscal year 1998 statewide average) times the proration factor, minus court-ordered state desegregation aid received by the district for operating purposes; the career ladder entitlement for the district, as provided for in sections 168.500 to 168.515, RSMo, multiplied by the proration factor; the vocational education entitlement for the district, as provided for in section 167.332, RSMo, multiplied by the proration factor and the district educational and screening program entitlements as provided for in sections 178.691 to 178.699, RSMo, times the proration factor.

4. Each district's apportionment shall be the prorated categorical add-ons plus the greater of the district's prorated entitlement minus the total deductions for the district or zero.

5. (1) In the 1993-94 school year and all subsequent school years, pursuant to section 10(c) of article X of the state constitution, a school district shall adjust upward its operating levy for school purposes to the extent necessary for the district to at least maintain the current operating expenditures per pupil received by the district from all sources in the 1992-93 school year, except that its operating levy for school purposes shall not exceed the highest tax rate in effect subsequent to the 1980 tax year, or the minimum rate required by subsection 2 of section 163.021, whichever is less.

(2) The revenue per eligible pupil received by a district from the following sources: line 1 minus line 10, or zero if line 1 minus line 10 is less than zero, plus line 14 of subsection 6 of this section, shall not be less than the revenue per eligible pupil received by a district in the 1992-93 school year from the foundation formula entitlement payment amount plus the amount of line 14 per eligible pupil that exceeds the line 14 per pupil amount from the 1997-98 school year, or the revenue per eligible pupil received by a district in the 1992-93 school year from the foundation formula entitlement payment amount plus the amount of line 14(a) per eligible pupil times the quotient of line 1 minus line 10, divided by the number of eligible pupils, or zero if line 1 minus line 10 is less than zero, divided by the revenue per eligible pupil received by the district in the 1992-93 school year from the foundation formula entitlement payment amount, whichever is greater. The department of elementary and secondary education shall make an addition in the payment amount of line 19 of subsection 6 of this section to assure compliance with the provisions contained in this section.

(3) For any school district which meets the eligibility criteria for state aid as established in section 163.021, but which under subsections 1 to 4 of this section, receives no state aid for two successive school years, other than categorical add-ons, by August first following the second such school year, the commissioner of education shall present a plan to the superintendent of the school district for the waiver of rules and the duration of said waivers, in order to promote flexibility in the operations of the district and to enhance and encourage efficiency in the delivery of instructional services. The provisions of other law to the contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257, RSMo. Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for the waiver of requirements otherwise imposed on the school district related to the authority of the state board of education to classify school districts pursuant to section 161.092, RSMo, and such other rules as determined by the commissioner of education, except that such waivers shall not include the provisions established pursuant to sections 160.514 and 160.518, RSMo.

(4) In the 1993-94 school year and each school year thereafter for two years, those districts which are entitled to receive state aid under subsections 1 to 4 of this section, shall receive state aid in an amount per eligible pupil as provided in this subsection. For the 1993-94 school year, the amount per eligible pupil shall be twenty-five percent of the amount of state aid per eligible pupil calculated for the district for the 1993-94 school year pursuant to subsections 1 to 4 of this section plus seventy-five percent of the total amount of state aid received by the district from all sources for the 1992-93 school year for which the district is entitled and which are distributed in the 1993-94 school year pursuant to subsections 1 to 4 of this section. For the 1994-95 school year, the amount per eligible pupil shall be fifty percent of the amount of state aid per eligible pupil calculated for the district for the 1994-95 school year pursuant to subsections 1 to 4 of this section plus fifty percent of the total amount of state aid received by the district from all sources for the 1992-93 school year for which the district is entitled and which are distributed in the 1994-95 school year pursuant to subsections 1 to 4 of this section. For the 1995-96 school year, the amount of state aid per eligible pupil shall be seventy-five percent of the amount of state aid per eligible pupil calculated for the district for the 1995-96 school year pursuant to subsections 1 to 4 of this section plus twenty-five percent of the total amount of state aid

received by the district from all sources for the 1992-93 school year for which the district is entitled and which are distributed in the 1995-96 school year pursuant to subsections 1 to 4 of this section. Nothing in this subdivision shall be construed to limit the authority of a school district to raise its district operating levy pursuant to subdivision (1) of this subsection.

(5) If the total of state aid apportionments to all districts pursuant to subdivision (3) of this subsection is less than the total of state aid apportionments calculated pursuant to subsections 1 to 4 of this section, then the difference shall be deposited in the outstanding schools trust fund. If the total of state aid apportionments to all districts pursuant to subdivision (1) of this subsection is greater than the total of state aid apportionments calculated pursuant to subsections 1 to 4 of this section, then funds shall be transferred from the outstanding schools trust fund to the state school moneys fund to the extent necessary to fund the district entitlements as modified by subdivision (4) of this subsection for that school year with a district entitlement proration factor no less than one and such transfer shall be given priority over all other uses for the outstanding schools trust fund as otherwise provided by law.

6. State aid shall be determined as follows:

House Amendment No. 16

AMEND House Committee Substitute for Senate Bill No. 944, Page 21, Section 167.171, Line 80, by inserting after all of said line the following:

"168.221. 1. In an effort to improve school student safety and promote a good educational environment, the first five years of employment of all teachers entering the employment of the metropolitan school district shall be deemed a period of probation during which period all appointments of teachers shall expire at the end of each school year. During the probationary period any probationary teacher whose work is unsatisfactory shall be furnished by the superintendent of schools with a written statement setting forth the nature of his **or her** incompetency. If improvement satisfactory to the superintendent is not made within one semester after the receipt of the statement, the probationary teacher shall be dismissed. The semester granted the probationary teacher in which to improve shall not in any case be a means of prolonging the probationary period beyond five years and six months from the date on which the teacher entered the employ of the board of education. The superintendent of schools on or before the fifteenth day of April in

each year shall notify probationary teachers who will not be retained by the school district of the termination of their services. Any probationary teacher who is not so notified shall be deemed to have been appointed for the next school year. Any principal who prior to becoming a principal had attained permanent employee status as a teacher shall upon ceasing to be a principal have a right to resume his or her permanent teacher position with the time served as a principal being treated as if such time had been served as a teacher for the purpose of calculating seniority and pay scale. The rights and duties and remuneration of a teacher who was formerly a principal shall be the same as any other teacher with the same level of qualifications and time of service.

2. After completion of satisfactory probationary services, appointments of teachers shall become permanent, subject to removal for any one or more causes herein described and to the right of the board to terminate the services of all who attain the age of compulsory retirement fixed by the retirement system. In determining the duration of the probationary period of employment in this section specified, the time of service rendered as a substitute teacher shall not be included.

3. No teacher whose appointment has become permanent may be removed except for one or more of the following causes: immorality, inefficiency in line of duty, violation of the published regulations of the school district, violation of the laws of Missouri governing the public schools of the state, or physical or mental condition which incapacitates him **or her** for instructing or associating with children, and then only by a vote of not less than [a majority of all] the **requisite number of** members of the board **pursuant to this subsection**, upon written charges presented by the superintendent of schools, to be heard by the board after thirty days' notice, with copy of the charges served upon the person against whom they are preferred, who shall have the privilege of being present, together with counsel, offering evidence and making defense thereto. Notifications received by an employee during a vacation period shall be considered as received on the first day of the school term following. At the request of any person so charged the hearing shall be public. The action and decision of the board upon the charges shall be final. Pending the hearing of the charges, the person charged may be suspended if the rules of the board so prescribe, but in the event the board does not, by a [majority] vote of [all the] **not less than the requisite number of** members **pursuant to this subsection**, remove the teacher upon charges presented by the superintendent, the person shall not suffer any loss of salary by reason of the suspension. Inefficiency in line of duty is cause for dismissal only after the teacher has been notified in writing at least one semester prior to the presentment of charges against him **or her** by the superintendent. The notification shall specify the nature of the inefficiency with such particularity as to enable the teacher to be informed of the nature of his **or her** inefficiency. **The board may vote to remove a teacher pursuant to this subsection as follows:**

(1) At the first meeting at which the removal of a teacher is at issue, at least four members of the board must be present in order to conduct a removal hearing or a vote of removal, and the board shall not remove such teacher unless a majority of the members present at such meeting vote in favor of removal; and

(2) At any meeting after the first meeting at which the removal of the same teacher is at issue, at least three members of the board must be present in order to conduct a removal hearing or a vote of removal, and the board shall not remove such teacher unless a majority of the members present at such meeting vote in favor of removal; except that, if only three members of the board are present at such meeting, then a unanimous vote of all three present members shall be required to remove such teacher.

4. No teacher whose appointment has become permanent shall be demoted nor shall his **or her** salary be reduced unless the same procedure is followed as herein stated for the removal of the teacher because of inefficiency in line of duty, and any teacher whose salary is reduced or who is demoted may waive the presentment of charges against him **or her** by the superintendent and a hearing thereon by the board. The foregoing provision shall apply only to permanent teachers prior to the compulsory retirement age under the retirement system. Nothing herein contained shall in any way restrict or limit the power of the board of education to make reductions in the number of teachers or principals, or both, because of insufficient funds, decrease in pupil enrollment, or abolition of particular subjects or courses of instruction, except that the abolition of particular subjects or courses of instruction shall not cause those teachers who have been teaching the subjects or giving the courses of instruction to be placed on leave of absence as herein provided who are qualified to teach other subjects or courses of instruction, if positions are available for the teachers in the other subjects or courses of instruction.

5. Whenever it is necessary to decrease the number of teachers or principals, or both, because of insufficient funds or a substantial decrease of pupil population within the school district, the board of education upon recommendation of the superintendent of schools may cause the necessary number of teachers or principals, or both, beginning with those serving probationary periods, to be placed on leave of absence without pay, but only in the inverse order of their appointment. Nothing herein stated shall prevent a readjustment by the board of education of existing salary schedules. No teacher or principal placed on a leave of absence shall be precluded from securing other

employment during the period of the leave of absence. Each teacher or principal placed on leave of absence shall be reinstated in inverse order of his **or her** placement on leave of absence. Such reemployment shall not result in a loss of status or credit for previous years of service. No new appointments shall be made while there are available teachers or principals on leave of absence who are seventy years of age or less and who are adequately qualified to fill the vacancy unless the teachers or principals fail to advise the superintendent of schools within thirty days from the date of notification by the superintendent of schools that positions are available to them that they will return to employment and will assume the duties of the position to which appointed not later than the beginning of the school year next following the date of the notice by the superintendent of schools.

6. If any regulation which deals with the promotion of either teachers or principals, or both, is amended by increasing the qualifications necessary to be met before a teacher or principal is eligible for promotion, the amendment shall fix an effective date which shall allow a reasonable length of time within which teachers or principals may become qualified for promotion under the regulations."; and

Further amend said title, enacting clause and intersectional references accordingly.
